## Operate a Vehicle Loading Crane

### Introduction

Integral Skills is a Registered Training Organisation (RTO number 45528) registered with the Australian Skills Quality Authority. Integral Skills is proud to offer training in TLILIC0002 Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above) and RIIHAN307E Operate a vehicle loading crane.

### Course Description

This course covers and includes both requirements (High Risk and Industry RII) and units of competency for operating a Vehicle Loading Crane.

This course applies to those who are required to operate a Vehicle Loading crane in industry and also require a High Risk Work Licence.

#### HRWL DEFINITION - NSW SafeWork

Covers the operation of a crane with a capacity of 10 metre tonnes or more, mounted on a vehicle to move a load onto or from the vehicle, including the application of load estimation and slinging techniques to move a load.

This allows the licence holder of a CV licence to operate a vehicle loading crane and conduct the full range of slewing operations without holding a slewing mobile crane licence, so long as:

- The equipment is suitable for the task
- The equipment is used within its operating parameters
- The operator has been adequately trained.

The course also covers the operators responsibilities for attaching loads and when a Dogman or Rigger are required to be used.

### Mode of Delivery

Delivery of this course will be trainer led and delivered over five days of face-to-face training in a classroom setting combined with skills practice and assessment in a simulated work environment.

### Clothing Requirement

Learners must wear covered shoes or work boots and hard hat.

Where a learner does not wear covered shoes they will not be able to participate in the course due to work health and safety concerns.

### Assessment Summary

The assessment in support of the units of competency requires the learner to complete written knowledge assessments and then demonstrate their applied knowledge and skills during a practical assessment operating a Vehicle Loading Crane, observed by the assessor.

The learner must answer all the written knowledge questions correctly. There is the opportunity for this knowledge assessment to be conducted verbally if the learner requires this level of support.

The practical assessment is conducted under controlled conditions in a simulated workplace. The learner will be briefed on the assessment which will involve identifying hazards, calculating load

## Operate a Vehicle Loading Crane

weights, slinging and moving loads safely and monitoring workplace hazards and communicating with others in the workplace.

It is important to note that following the completion of the competency assessment, the learner will return on day five of the course where they will have the opportunity to complete the high-risk work licensing assessment relating to operating Vehicle Loading Crane (licence class CV). Whilst Integral Skills organise and meet the cost of an approved SafeWork NSW licenced assessor to conduct this licensing assessment, this assessment process is conducted according to the requirements of SafeWork NSW. Integral Skills do not retain records of the licensing assessment as these are controlled by an approved SafeWork NSW licenced assessor.

This two-step assessment process is conducted by separate assessors as it is important to maintain the separation and integrity of both the competency-based assessment and the high-risk work licensing assessment.

### **National recognition**

On successfully completing the training and assessment you will be issued Statement of Attainment issuing you the units of competency: TLILIC0002 Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above) and RIILHAN307E Operate a vehicle loading crane. This units of competence are nationally recognised and provides individuals with a valuable outcome that is recognised throughout Australia.

The issuance of the units of competency will provide you an important part of the eligibility criteria to obtain a Vehicle Loading Crane (class CV) High Risk Work Licence. Please refer to the section “Vehicle Loading Crane Licencing with SafeWork NSW” for more information of the licensing process.

### **Course Materials**

Learner training is supported through the provision of quality learning materials and resources. Learners should attend the course in comfortable appropriate work clothing with steel capped boots. All equipment and consumables are supplied as part of the course.

### **Pre-Requisites/Entry Requirements**

- Current National HRWL to perform dogging or a current certification for a specific VET course for HRWL to perform dogging that has been issued by, or on behalf of a WHS Regulator is required.

Integral Skills do require learners to meet the following local entry requirements:

- Learners must be aged 18 years or older.
- Photo Identification is required to be sighted prior to course commencement
- Language, literacy and numeracy skills required to interpret work instructions, equipment operating instructions and to.
- Learners must be dressed in their normal work clothing and be wearing steel capped boots.
- Learners must be alert and physically capable of driving safely.

### **Responsibility for Training**

Integral Skills is responsible under the National Vocational Education and Training Regulator Act 2011 for the quality of the training and assessment being delivered in this course and for the issuance of all AQF certificates.

Please refer to the Student Handbook for further information on all student rights and obligations.

### **Vehicle Loading Crane licencing with SafeWork NSW**

You need a high-risk work licence if you want to operate a Vehicle Loading Crane (capacity 10 metre tonnes and above) in NSW.

The training and assessment delivered in this course only relates to the high-risk work licence **class CV**.

### **Eligibility criteria for a Vehicle Loading Crane (capacity 10 metre tonnes and above) licence with SafeWork NSW**

To obtain a CV licence with SafeWork NSW, you will need to present SafeWork NSW with evidence that you:

- At least 18 years of age.
- Have completed a recognised training course with a registered training organisation (RTO) and have been assessed as competent by an assessor working for the RTO.
- You will also need to bring with you a passport sized and quality photo of yourself with your name and date of birth printed on the back, you can read our new application information sheet for more details ([click](#)).
- You should note that a licence fee **will** apply to your application for a high-risk work licence. This fee is **not** covered within the course enrolment fee. The application fee is outlined in the SafeWork NSW list of fees and charges ([click](#)).
- Can use English at a level that enables the safe performance of high risk work.

### **Steps to obtain a Vehicle Loading Crane licence with SafeWork NSW**

Once you have completed this course, it will be up to you to apply for your high-risk work licence for CV. The following steps apply to obtain a new CV licence with SafeWork NSW:

- Select an approved RTO that delivers the unit of competency TLILIC0002 Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above).
- Enrol with the RTO and complete the competency-based training and assessment for the unit of competency TLILIC0002 Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above) and pay the required enrolment fee.
- Complete the mandated high-risk work assessment with an approved high-risk work assessor for licence class CV. This high-risk work assessment will be facilitated by Integral Skills as part of the five-day delivery. The high-risk work assessment is conducted by a different assessor as required by SafeWork NSW.
- When you have been assessed as competent in the unit of competency and have passed the high-risk work assessment, the assessor will have the application forms you need to apply for your licence.

## Operate a Vehicle Loading Crane

- You should then complete the application forms and take these forms to your nearest Australia Post office ([click](#)) as well as 100 points of ID ([click](#)).

For more information about the process to obtain your high-risk work licence and for information on payment options and privacy protection, Integral Skills encourage you to visit the SafeWork NSW website at the following website:

### **Duty of Care**

Integral Skills adopts high standards in duty of care of its learners and instructors. Integral Skills reserves the right to turn anyone away that seems to be under the influence of drugs or alcohol.

This action is to ensure that the learner and instructors safety is assured and that Integral Skills maintains an incident free learning environment and complies with our duty of care responsibilities.

Integral Skills is responsible for the quality and delivery of training and assessment and will be the organisation issuing any qualifications and statements of attainment to eligible students.

### **Fees and Charges**

Additional information about fees and charges is provided in the Schedule of Fees and Charges which will have been included in your pre-enrolment information package.

Please refer to the Schedule of Fees and Charges as it contains important information about related charges and our refund policy.

### **Confirmations**

A learner's position on the course will only be confirmed upon a completed enrolment form and the payment of your course cost.

Numbers are limited, so confirmed enrolments will only be able to attend.

**This document must be read in conjunction with the Learner Handbook, Schedule of Fees & Charges and USI Fact Sheet.**
