

CONFINED SPACE

Unit	<i>RIIWHS202E Enter and work in confined spaces</i>
Currency	<i>Current</i>
Duration	<i>1 day (8am to 4pm)</i>
Locations	<i>Orange & Mudgee</i>
Outcome	<i>Nationally Recognised Statement of Attainment</i>
Cost	<i>\$300 per student</i>
Delivery	<i>Classroom & Practical (in our controlled training areas)</i>
Pre-requisites	<i>15yrs old, Ability to speak, read & write English</i>
What to bring	<ul style="list-style-type: none">• Enclosed footwear• Hard hat (if owned)• Weather suitable clothing• Lunch / Smoko (Tea & Coffee provided)• 100 points of Identity• USI number
Duty of care	<i>Students may be subjected to random drug & Alcohol testing</i>
RTO Number	<i>45528</i>
Contact information	<i>Orange (02) 6362 2502 admin@integralskills.com.au</i>
Course dates & booking	<i>Mudgee (02) 6372 0183 mudgee@integralskills.com.au www.integralskills.com.au</i>

Introduction

Integral Skills is a Registered Training Organisation (RTO number 45528) registered with the Australian Skills Quality Authority. Integral Skills is proud to offer training in RIIWHS202E Enter and work in confined spaces.

Course Description

This course provides learners with the skills and knowledge required to enter and work in confined spaces. This course is designed to meet the requirements from the Resources and Infrastructure Industries training package, RII.

Learners will understand how to identify industry requirements, plan and prepare for working in a confined space. Additionally, learners will be able to work safely inside a confined space and then exit safely, including cleaning up their work area when the tasks are completed.

This course is essential for people who are required to enter and work in confined spaces in the course of their employment.

This course prepares learners to undertake the assessment to obtain a Statement of Attainment in RIIWHS202E Enter and work in confined spaces.

Course Topics

- Identifying work requirements including WHS legislation.
- Following company procedures.
- Risk assessment and hazard control strategies.
- Performing confined space work.
- Utilising appropriate safety equipment.
- Exiting the confined space safely.

Assessment Summary

The learner will be assessed by demonstrating procedures applicable to this unit. They will also be required to answer a number of written questions regarding their actions and theoretical application of knowledge. The assessment will also be part of a simulated activity set by the assessor.

This assessment must be conducted by an RTO assessor and must be completed in the workplace or in another environment that accurately simulates the workplace. The assessor is to actively set tasks for the learner and must observe these tasks being performed.

To standardise the application of this assessment, the assessment tasks (performance evidence) are based on those specified in the Unit of Competency, RIIWHS202E Enter and work in confined spaces and those of the RII Training Package. The assessor will use an assessment instrument mapped accordingly to the assessment requirements of this Unit of Competency. Assessors will apply an assessment procedure to ensure you are ready for the assessment and have the right resources and equipment to achieve the right standard.

Course Conduct

On arriving, learners will complete any outstanding enrolment administration and then participate in group learning activities about the theory of entering and working in confined spaces. After lunch we finish off our theory component and then put what is learnt into practice via our practical component. There is sufficient time over the day for additional one-on-one

training for those requiring it. At Integral Skills we provide a friendly and supported environment to learn and achieve.

Mode of Delivery

Delivery of this course will be trainer led and delivered over one day of face-to-face training in a classroom setting combined with skills practice and assessment in a confined space.

Pre-Requisites/Entry Requirements

- There are no qualification pre-requisites for this course.
- Learners must be aged 15 years or older.
- Photo Identification is required to be sighted prior to course commencement.
- Language, literacy and numeracy skills required to interpret legislative requirements and to undertake written and practical assessment activities.
- All course materials will be provided by Integral Skills.

Clothing Requirement

Where a learner does not wear covered shoes they will not be able to participate in the course due to work health and safety concerns.

Fees and Charges

Additional information about fees and charges is provided in the Schedule of Fees and Charges which will have been included in your pre-enrolment information package.

Responsibility for Training

Integral Skills is responsible under the National Vocational Education and Training Regulator Act 2011 for the quality of the training and assessment being delivered in this course and for the issuance of all AQF certificates.

Please refer to the Student Handbook for further information on all student rights and obligations.

Confirmations

A learners position on the course will only be confirmed upon a completed enrolment form and the payment of your course cost.

Numbers are limited, so confirmed enrolments will only be able to attend.

Duty of Care

Integral Skills adopts high standards in duty of care of its learners and instructors. Integral Skills reserves the right to turn anyone away that seems to be under the influence of drugs or alcohol. This action is to ensure that the learner and instructors safety is assured and that Integral Skills maintains an incident free learning environment and complies with our duty of care responsibilities.

Integral Skills is responsible for the quality and delivery of training and assessment and will be the organisation issuing any qualifications and statements of attainment to eligible students

This document must be read in conjunction with the Learner Handbook, Schedule of Fees & Charges and USI Fact Sheet.
